**Humanitarian and Medical Assistance for Children in Gaza**

Berlin, 07.07.2009

To whom it may concern

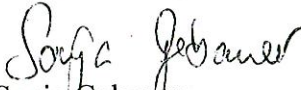

This is to certify, that the organisation „Freunde der Erziehungskunst Rudolf Steiners“ is a well-known German non-governmental organisation with its main office in Karlsruhe.

The organisation is planning a humanitarian project which gives medical & psychological assistance to children in Gaza. Therefore, they are sending a team of ten German experts to the region which are working together with the Gaza Community Mental Health Program for two weeks. Please find attached a list of the team members.

The Foreign Ministry of the Federal Republic of Germany supports this humanitarian project of the „Freunde der Erziehungskunst Rudolf Steiners“ and would very much appreciate any cooperation and assistance from Israeli Authorities.

If there are any questions, please do not hesitate to contact the German Embassy Tel Aviv (Mr. Günther, Tel: +972-3-6931-313).

Yours sincerely,

  
Sonja Gebauer
